FISHING

All nonresidents need a license to fish. However, nonresidents under age 15, if they are in the company of an adult who has a valid Montana license, do not need a license. The limit for the two anglers combined cannot exceed the limit for one. Nonresidents have two options for purchasing a fishing license. A license for March 1 through the following February is \$45 in 1999. A consecutive two-day license is \$10. A \$5 conservation license is a prerequisite for each and must also be purchased in order to fish.

Residents must purchase a conservation license (\$4) and a fishing license (\$13). Residents 12 to 14 years of age or 62 or older need only a conservation license. Residents with disabilities who have been certified by Montana Fish, Wildlife & Parks need only a conservation license. Residents younger than 12 are not required to have a license. Regulations are outlined in the Montono Fishing Regulations available at any Fish, Wildlife & Parks office or licensing agent.

Yellowstone National Park requires anglers to obtain a \$5 license. Fishing regulations are available at ranger stations and visitor centers throughout the park, Glacier National Park does not require a license, but those fishing must follow regulations available from ranger stations and visitor centers throughout the park.

Anglers should look for brown fishing access signs along the roads and highways. These signs designate public access to rivers. streams and lakes for

fishing and picnicking.

Visitors wanting to fish on any of Montana's Indian reservations should contact tribal offices for regulations. (see Indian Reservations)

WATCHABLE WILDLIFE

A pair of binoculars will come in handy as you discover the pleasures of one of Montana's most popular pastimes—wildlife watching. Elk, deer and antelope roam freely across open plains and prairies. Hundreds of different bird species, including bald eagles, hawks and great blue herons are frequently spotted. Montana is home to bison, mountain goats, bighorn sheep and the last remaining grizzly bear population in the

lower 48 states. Look for the brown and white signs depicting binoculars as you travel. These point the way to designated wildlife viewing sites. A tip from the experts: the best

time to see wildlife is right at dawn and, second best, at dusk. Montana Wildlife Viewing Guides are available for purchase through local bookstores or by calling 800-582-2665.

Thirty years ago it was the only one of its kind, and it still is ...

Remember those family vacations where dad parked the station wagon and the kids piled out to find the mountain air filled with smells of wood smoke and pine trees? You found that place with no pretense, and rich in mellow charm. Well, that place still exists at Bay Point on the Lake. Down a bumpy lane, off the beaten path, tucked away in the trees right on Whitefish Lake. Come, bring your family and revisit a simpler time.

Northcentral Montana is a region of vivid landscapes and contrasts, where the mountains meet the plains. This is the real West

that famed cowboy artist Charlie Russell loved to paint. This is also the land of Lewis and Clark, who explored much of the region

traveling up the Missouri River. Russell Country offers the best of the West—floating, camping, hiking, skiing and snowmobiling.

YOU CAN MAKE A DIFFERENCE

Discovering all the wonders of our country is exciting. Travelers today are inspired by all we have and want to help protect our vast resources. We take this responsibility seriously in Montana, and we would like to offer a few tips for helping preserve the beauty, as well as the integrity, of our state:

- · Help preserve our heritage. Do not take anything from, or otherwise disturb, old mining camps, ghost towns or other historical features.
- · Leave the land, its flowers and other plants as you find them, in a natural state for others to enjoy.
- · Respect the rights of others to enjoy their favorite forms of recreation.
- · Respect the rights and property of others. Comply with signs and barriers. Always get permission before walking or driving on private land.
- · Use trash receptacles. If there are none, carry litter until you can dispose of it properly.
- · For your safety, as well as conservation, enjoy wildlife from a distance.

Many Montana communities are wellknown for their outstanding friendliness and welcoming spirit. Help us preserve these attributes by respecting our traditions, customs and local regulations.

Support the local economy...look for the Made in Montana label when you shop.

You can make a difference. Help ensure Montana remains as it is for future generations to discover anew.
